

Colour a little world

Find the little details, then bring the scene to life with colour.

Find it and colour it

Say each word together. These colours are ideas, not rules.

Frog

Try green or earthy brown.

Lily leaves

Try deep green.

Water

Try blue or blue-green.

Flowers

Try pink, white or yellow.

Snail

Try a brown or golden shell.

Your own colours are welcome too. Which detail did you find first?

For the back of the colouring sheet: print double-sided, flip on long edge.
Use opaque 160 gsm paper and colouring pencils to minimise show-through.
